

Notice to Gas Supply Hub Exchange Members of amendments to the Gas Supply Hub trading hours for Pre-Matched Non-Netted trades

This Notice advises all Gas Supply Hub Exchange members and other interested stakeholders that AEMO has completed its consultation of the amendments to the Gas Supply Hub Trading Hours – Pre-Matched, Non-Netted trades (GSH IIR 016).

AEMO proposed changes to the Gas Supply Hub Exchange Agreement to extend the trading hours for pre-matched, non-netted trades to 24hours, 7 days per week for the Wallumbilla and Moomba trading locations. The extended trading hours will be available for Balance of Day, Day ahead and Daily Gas products.

Taking into account the assessment provided in the Impact and Implementation Report (IIR), AEMO has decided to implement the proposed amendment, effective from 17 June 2019.

AEMO received two submissions from stakeholders in response to the proposed amendments to the trading hours as outlined in the IIR. A summary of the comments are shown in Attachment A.

The changes will be incorporated in version 12.3 of the Gas Supply Hub Exchange Agreement. As required by the Gas Supply Hub Exchange Agreement clause 3.3(d) (iv), AEMO informs Participants that version 12.3 of the Gas Supply Hub Exchange Agreement will be effective from 17 June 2019.

Notice Date: 27 May 2019

Attachment A: Summary of stakeholder comments on Gas Supply Hub Exchange Agreement Consultation IIR 014
